1 STATEMENTS OF ASSOCIATION

The statements of association of Ngāti Rangiteaorere are set out below. These are statements of the particular cultural, spiritual, historical, and traditional association that Ngāti Rangiteaorere has with identified areas.

STATEMENTS IN RESPECT OF SITES OF SIGNIFICANCE

Waiohewa Stream (as shown on deed plan OTS-209-54)

Traditionally, several Ngāti Rangiteaorere settlements were located along the banks of the Waiohewa, including Waiohewa Pā, the stronghold of Ngāti Rangiteaorere. Ngāti Rangiteaorere also maintained cultivations along the stream. The Waiohewa Stream itself provided a rich bounty of kōura, kokopu and inanga.

Ngāti Rangiteaorere claim mana over the Waiohewa Stream and the traditions of Ngāti Rangiteaorere affirm the cultural, historical and spiritual importance of the Waiohewa Stream to them. The Waiohewa Stream runs directly beside Ngāti Rangiteaorere's paramount marae, which is also named Waiohewa.

Lake Rotorua Marginal Strip (as shown on deed plan OTS-209-55)

Traditionally, several Ngāti Rangiteaorere settlements were located along the foreshore. From the foreshore, Ngāti Rangiteaorere accessed Mokoia and their traditional fishing grounds in Lake Rotorua.

The Lake Rotorua foreshore is of great significance to Ngāti Rangiteaorere. For Ngāti Rangiteaorere, maintaining their association with the Lake Rotorua foreshore helps uphold Ngāti Rangiteaorere identity, connects past and present generations, acknowledges inter-tribal relationships, and links the people, the whenua and the moana.

Waiohewa Stream Marginal Strip (as shown on deed plan OTS-209-56)

Traditionally, several Ngāti Rangiteaorere settlements were located along the banks of the Waiohewa, including Waiohewa Pā, the stronghold of Ngāti Rangiteaorere. Ngāti Rangiteaorere also maintained cultivations along the stream. The Waiohewa Stream itself provided a rich bounty of kōura, kokopu and inanga.

Ngāti Rangiteaorere claim mana over the Waiohewa Stream and the traditions of Ngāti Rangiteaorere affirm the cultural, historical and spiritual importance of the Waiohewa Stream to them. The Waiohewa Stream runs directly beside Ngāti Rangiteaorere's paramount marae, which is also named Waiohewa.

STATEMENT IN RESPECT OF GEOTHERMAL RESOURCE OF SIGNIFICANCE

Tikitere Geothermal Field within the Rotorua Region Geothermal System (as shown on deed plan OTS-209-57)

Ngāti Rangiteaorere traditions record that two sisters, Kuiwai and Haungaroa and their younger brother, Tanewhakaraka, brought fire to Aotearoa from Hawaiki to warm their older brother Ngatoroirangi who was caught in a terrible storm on Tongariro. Kuiwai and Haungaroa travelled underground, leaving geothermal heat in the land at the places where they lifted their heads above

the surface, including Tikitere. At Tikitere the sisters became separated from Tanewhakaraka who had gone exploring in the ranges. Tanewhakaraka failed to respond to his sisters' calls and with sad hearts Kuiwai and Haungaroa realised they would have to leave their little brother behind playing in the ranges above them. As an act of aroha for their brother, Kuiwai and Haungaroa left the waiariki and ngawha in the Tikitere geothermal field, and on Mokoia Island and they named the ranges where their brother played – Whakapoungakau "our hearts yearn for you". Tanewhakaraka stayed in the ranges and many of his descendants are Ngāti Rangiteaorere.

Tikitere was a permanent settlement of Ngāti Rangiteaorere from the earliest times. They occupied pā and cultivated the land. They used the hot waters of the springs for cooking, especially tawa berries, and for bathing and medicinal purposes. Urupā are located at several places in the surrounding bush.

One of the ngawha at Tikitere bears the name of Huritini who died by her own hand. Huritini was the daughter of a chief, Rangiteaorere himself in some traditions. Feeling neglected by her husband, she threw herself into a ngawha. Her mother found the korowai belonging to Huritini beside the pool and cried out 'Aue, e tere nei taku hei tiki' (Alas, here floats my precious one). The name Tikitere itself is said to reflect this lament. From the pool named after Huritini an expansive cloud of steam known as Te Putanetane-o-Ngāti Rangiteaorere occasionally rises.

Ngāti Rangiteaorere claim mana over Tikitere and have a deep spiritual connection with the Tikitere geothermal resource. They consider it to be a taonga, inherited from the ancestors and the prime economic life force of the iwi. The Tikitere geothermal field affirms Ngāti Rangiteaorere identity, connects past and present generations, acknowledges inter-tribal relationships, and links the people to the whenua and waiariki.

1. PURPOSE

- 1.1 This Protocol sets out how the Department of Conservation (the "Department") and the xxxxxxxx ("the Governance Entity") will work together in fulfilling conservation objectives across the Rohe. It is a framework to foster the development of a positive, collaborative and enduring relationship into the future between Ngāti Rangiteaorere and the Department of Conservation.
- 1.2 The provisions of the Settlement Legislation and the Deed of Settlement specifying the terms on which this Protocol is issued are set out in Attachment A.
- 1.3 This Protocol shall apply within the Rohe as outlined in Attachment B.

2 COMMUNICATION

- 2.1 The Department will maintain effective and efficient communication with Ngāti Rangiteaorere on an ongoing basis by:
 - 2.1.1 maintaining a record of the Governance Entity's office holders, and their addresses and contact details; and
 - 2.1.2 meeting with the Governance Entity at least once a year to discuss issues of shared interest, to be held at Waiohewa Marae or any other place in the Rohe requested by the Governance Entity provided there is reasonable access for departmental staff to the site.

- 3.1 The Department undertakes separate business planning processes prior to the beginning of each new financial year. The business planning processes determine the Department's work priorities and commitments for the year. Operational business planning processes largely sit with Area Managers. The parties will meet at an early stage in their annual business planning process to discuss:
 - 3.1.1 timeframes and the development of annual work programmes;

DOCUMENTS

3: PROTOCOLS

- 3.2 Special projects requested by the Governance Entity will be taken forward into the business planning process and considered when it determines its overall priorities.
- 3.3 If a special project is undertaken, the Department and the Governance Entity will determine the nature of their collaboration on that project which may include finalising a work plan for that project. If a specific project is not undertaken, the parties will advise one another of the reason(s) for this.
- 3.4 The Department and the Governance Entity will meet to identify and seek to address issues affecting Ngāti Rangiteaorere at an early stage (before public consultation, if any, and throughout the process) in the preparation, review or amendment of any Statutory Planning Document within the Rohe.

4 DEPARTMENT INPUT INTO NGĀTI RANGITEAORERE SPECIAL CONSERVATION PROJECTS

- 4.1 The Department will endeavour to support Ngāti Rangiteaorere to undertake its own conservation-related projects, for instance by:
 - 4.1.1 assisting with the planting of native plants along the Lake Rotorua lakefront in the Rohe to create a corridor for birds to Makoia Island;
 - 4.1.2 identifying other funding sources or by providing technical advice for those projects.

5 CULTURAL MATERIALS

- 5.1 For the purpose of this Protocol, cultural materials are plants, plant materials, and materials derived from dead animals or birds for which the Department is responsible within the Rohe and which are important to Ngāti Rangiteaorere in maintaining, restoring and expressing Ngāti Rangiteaorere cultural values and practices.
- 5.2 Current legislation means that generally some form of concession or permit is required for any gathering and possession of cultural materials.
- 5.3 In relation to cultural materials, the Minister and/or Director-General will:
 - 5.3.1 work in partnership with the Governance Entity to develop and agree a process to authorise members of Ngāti Rangiteaorere to access, and use cultural materials within the Rohe when required for cultural purposes, in accordance with the relevant legislation.  - 5.3.3 discuss Governance Entity access to cultural materials, taking into consideration the interest of other representatives of tangata whenua, which become available as a result of departmental operations such as track maintenance or clearance, or species management, or where materials become available as a result of accidental death or otherwise through natural causes;

5.5 The Department will waive or reduce any recovery of authorisation costs for collection by Ngāti Rangiteaorere of cultural material.

6 STATUTORY AUTHORISATIONS/CONCESSIONS

Information relating to Ngāti Rangiteaorere sites of significance will be treated in confidence by the Department in order to preserve the wāhi tapu nature of places, unless otherwise agreed by the Governance Entity.

8 SPECIES AND HABITAT PROTECTION (INCLUDING PEST CONTROL)

- 8.1 The parties share aspirations of protecting ecosystems and indigenous flora and fauna within the Rohe.

- 15.1 The parties agree that this Protocol is a living document that should be updated and adapted to take account of future developments and additional co-management opportunities. If requested by either party, the first review of this Protocol will take place no later than three years after the date this Protocol is signed, and if requested by either party will be reviewed every three years thereafter.

Any such meeting will take place at Waiohewa Marae or any other place in the Rohe requested by the Governance Entity provided there is reasonable access for departmental staff to the site.
- 17.2 If this process is not successful, the matter may be escalated to a meeting of the relevant Departmental Conservator and a nominated representative of the Governance Entity who will meet within a reasonable timeframe.
- 17.3 If a negotiated outcome cannot be reached from this process, the parties may agree to escalate the issue to a meeting between the Director-General (or nominee) and the Chief Executive of the Governance Entity.

1. Provisions of the Deed of Settlement relating to this Protocol

1.1 The Deed of Settlement provides that:

- 1.1.1 a failure by the Crown to comply with a Protocol is not a breach of the Deed of Settlement (clause 5.9); and
- 1.1.2 this Crown Minerals Protocol does not restrict the ability of the Crown to interact or consult with any person including any iwi, hapū, marae, whānau, or other representative of tangata whenua (section 24 of the Settlement Legislation); and
- 1.1.3 this Crown Minerals Protocol:
 - (a) is consistent with section 4 of the Crown Minerals Act 1991;
 - (b) does not override or diminish:
 - (i) the requirements of that Act;
 - (ii) the functions and powers of the Minister of Energy, or the Ministry of Business, Innovation & Employment, under that Act; or
 - (iii) the rights of Ngāti Rangiteaorere, or a Representative Entity, under that Act (section 24 of the Settlement Legislation).

- 1.2 Representative Entity has the same meaning in **clause 1.1.3** of these terms of issue as it has in part 6 of the General Matters Schedule.

2. Authority to issue, amend or cancel Protocols

- 2.1 Section 23 of the Settlement Legislation provides that the responsible Minister must issue a protocol to Ngāti Rangiteaorere on the terms set out in this document schedule. The responsible Minister may amend or cancel a protocol at the initiative of either Ngāti Rangiteaorere or the responsible Minister. However, the responsible Minister may only amend or cancel a protocol only after consulting and having particular regard to the views of Ngāti Rangiteaorere.

3. Protocols subject to rights and obligations

- 3.1 Section 24 of the Settlement Legislation provides that a Protocol does not restrict the ability of the Crown to exercise its powers and perform its functions and duties in accordance with the law and government policy (including introducing legislation, changing government policy, and interacting or consulting with persons that the Crown considers appropriate for example, iwi and hapū). Protocols also do not restrict the responsibilities of a responsible Minister or a department of State, or the legal rights of Ngāti Rangiteaorere or a representative entity.

4. Noting of Protocol

- 4.1 Section 27 of the Settlement Legislation provides that the chief executive of the department responsible for the administration of the Crown Minerals Act 1991 must note a summary of the terms of the Crown Minerals Protocol in a register of protocols maintained by the chief executive and in the minerals programmes that affect the Crown Minerals Protocol area, but only when those programmes are replaced. The noting of a Protocol is for the purpose of public notice only and is not an amendment to the minerals programmes for the purposes of the Crown Minerals Act 1991.

5. Enforcement of Protocol

- 5.1 Section 25 of the Settlement Legislation provides that the Crown must comply with Protocols while they are in force and if the Crown fails to comply without good cause, Ngāti Rangiteaorere may enforce the protocol subject to the Crown Proceedings Act 1950. Failure to comply does not include failure to comply with any guidelines developed for the implementation of a Protocol. Damages or monetary compensation are not available as a remedy for a failure by the Crown to comply with a Protocol, though a court may still award costs incurred by Ngāti Rangiteaorere in enforcing a Protocol.

6. Limitation of rights

- 6.1 Section 27(3) of the Settlement Legislation provides that the Crown Minerals Protocol does not have the effect of granting, creating, or providing evidence of an estate or interest in, or rights relating to, Crown minerals.

Settlement of historical claims

As you are aware, on [date] the Crown signed a Deed of Settlement (**deed**) with Ngāti Rangiteaorere for the comprehensive settlement of their historical claims under the Treaty of Waitangi. An outline of the settlement is available on the Office of Treaty Settlements' website www.ots.govt.nz. The Treaty Settlement includes cash redress and the following properties of cultural significance to Ngāti Rangiteaorere:

- Whakapoungakua scenic reserve (subject to scenic reserve status and the Western Okataina Walkway);
- Te Ngae Junction recreation reserve (subject to scenic reserve status); and
- Rangiteaorere and Te Ngae Road in Te Ngae.

The deed is conditional on settlement legislation (due to be introduced into the House of Representatives shortly) which will give effect to aspects of the settlement.

Post-Settlement governance

Ngāti Rangiteaorere has established the [Ngāti Rangiteaorere post settlement governance entity]. Relationships

During the course of negotiations, the Ngāti Rangiteaorere negotiators sought the opportunity to develop an ongoing relationship with a number of organisations who operate within the Ngāti Rangiteaorere area of interest, including the NZTA. Ngāti Rangiteaorere have also expressed a desire to work alongside other iwi within the region where their aspirations align.

There appears to be a number of opportunities for the NZTA to recognise and partner with Ngāti Rangiteaorere [post settlement governance entity], including relationship agreements and joint ventures that will help develop an effective and durable relationship with Ngāti Rangiteaorere.

In particular, Ngāti Rangiteaorere have expressed a desire to discuss certain roads in the area. Specifically, Ngāti Rangiteaorere would like to discuss opportunities to improve safety around the junction of Rangiteaorere Road and State Highway 30, and road access to Maitaikotare Marae.

They also seek to be appraised of any initiatives, social, economic or otherwise that will be seen to benefit the Ngāti Rangiteaorere people or those within the wider Te Arawa region. I anticipate the capacity achieved by Ngāti Rangiteaorere through their settlement will see them well placed to assist your agency in achieving its objectives.

I sincerely urge the NZTA and the Ngāti Rangiteaorere [post settlement governance entity] to develop an effective and durable working relationship which allows for both parties to identify opportunities for mutual cooperation.
